

HMS 320
GROUP CONTRACT

This will serve as a group contract that each group member will sign and agree to the enclosed statements.

The final group project and its components comprise a large percentage of each students final grade (below).

Group Project Outline	15
Group Project Draft	15
Peer Review of other Group Projects	15
Final presentation of Group Project	20

The group contract helps set expectations for all students and ensures that all students are making an effort.

The most common problems that a group encounters:

- The group members do not view deadlines the same way.
- The group members do not view group meetings the same way.
- The group members do not view acceptable work the same way.

Take a moment to meet as a group and respond to the following suggestions about the group matters.

1. The deadlines for the group project 'pieces' are listed in the syllabus. Take a moment and, as a group, decide when is an acceptable time for the group members to finish working on their part of the project in order to meet the larger assignment deadline.

ACTIVITY	DEADLINE	INDIVIDUAL DEADLINE	GROUP DEADLINE
Group Project Outline	October 29, 2025 11:00pm ET	October 28, 2025 4:00pm	October 28, 2025 10:00pm
Group Project Draft Presentation	November 7, 2025 10:10am ET	November 5, 2025 Evening	November 5, 2025 Evening
Peer Review of other Group Projects using Rubric	November 19, 2025 11:00pm ET	November 19, 2025 11:00pm	N/A
Final presentation of Group Project to Community Partners	December 5, 2025	December 1, 2025	December 1, 2025

**HMS 320
GROUP CONTRACT**

2. What is the best way to meet and discuss as a group? How often should this occur?
 - In person before the deadline
 - Utilize class time
 - Meet outside of class if needed
3. When is an appropriate time to go to Dr. Gander with a concern about a group member? (Possible answers: Immediately when problem occurs, after discussing the issue with that member once, after discussing the issue with the member more than 2 times, other)
 - After discussing the issue with that member once and allowing time for resolution
 - If not resolved, concern can be brought to Dr. Gander
4. When is it acceptable for a single group member to lose individual points on a group assignment? (Possible answers: Never, if the other members think the individual is not contributing to the project equally, after the individual misses one group meeting, after the individual misses multiple group meetings, if that individual doesn't respond to emails, if that individual does not meet their individual deadline for group assignments, other)
 - When concerns have been addressed with the group member and they are still not contributing and not communicating with the group
5. Who in the group will be the team lead that will organize the group assignments, help manage the group deadlines, and help ensure that group members are contributing equally?
 - Everyone should contribute to organization and management of deadlines/accountability
6. Are there any other rules or guidelines your group would like to add?
 - Make sure to have your sections done by the deadline
 - If there is confusion communicate, not the evening before a deadline
 - Come prepared to class with materials and assigned section
